EC-Bracket Mounting Detail

1. Layout the panel location.

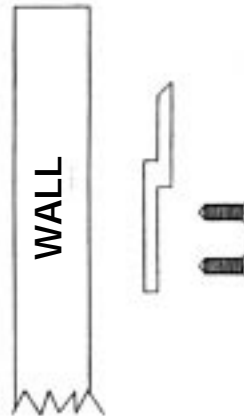

2. Determine EC-1 bracket or EC-2 / EC-4 bar locations on wall to line up with EC-2 / EC-4 bracket locations on panels.

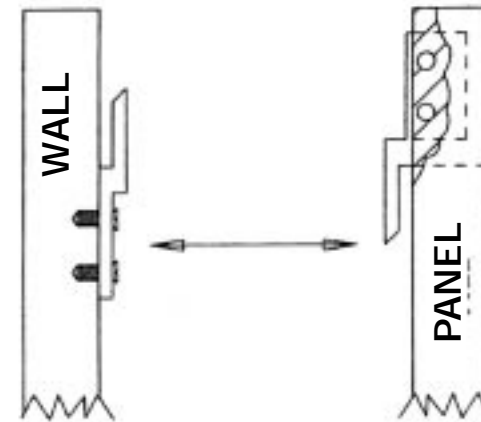

WALL REFERENCE LINES
(Bracket dimensions on drawings).

3. Secure the EC-1 hanger or EC-2 / EC-4 bar to the wall with 2 screws.

4. Slide the EC-1 brackets on the panels onto the EC-2 / EC-4 bars on the wall.

- For all ceilings apply a small amount of adhesive on both parts of the brackets. Slide brackets together.
