We Identify and S.T.O.P. Your Noise Problem

Poly Max™ with Custom Artwork REDUCED Noise Levels and Added Beauty!

Hello Keith,

I'd like to take this opportunity to thank you and your staff for the great product and also the guidance you have provided in finding the right products for our specific application.

I am the Director of elderly housing in Quincy, Massachusetts. We have a dining room and lobby that was in need of new art work however a second issue was the noise levels in these areas were uncomfortable. Your products met both of those needs. The pictures of our neighboring city Boston, its historical sites and beautiful skyline were tremendous ideas for wall hangings. Secondly, the pictures were installed on your sound reducing product which was easy to install and has substantially reduced the noise levels in our lobby and our dining room.

Thanks again for your products and suggestions.

Sincerely,

Brian Baharian

Executive Director

Quincy Point Church Homes Inc.

1000 Southern Artery,

Quincy, MA 02169

If you have any questions or need any information about any of the products or applications discussed in this article, please feel free to contact me. I would be happy to help you.
