## UltraTouch LEED Contribution Credits

UltraTouch™ Denim Insulation and LEED go together like peanut butter and jelly. UltraTouch Denim Insulation contributes to earning 12 different credits/pre-requisites within the program, making it the ideal insulating choice for your project! There are lots of reasons that UltraTouch fits the criteria so well including our 80% post-consumer recycled content, our rapidly renewable materials content, and our low emitting materials content. Choose UltraTouch to help you reach that Platinum level!

**The U.S. Green Building Council** announced the creation of the first voluntary National Green Building Standard for the development of high-performance, sustainable buildings...
