We Identify and S.T.O.P. Your Noise Problems

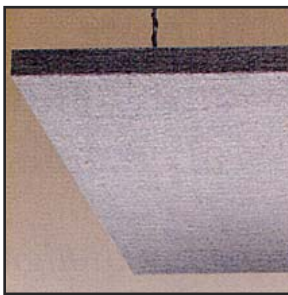

Large sized clouds reinforced with Tee bar stiffener/hangers.

CEILING CLOUDS S.T.O.P.

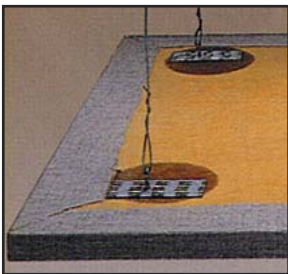

Decorative Fabric Wrapped Acoustical Ceiling Clouds

- **High Performance**
- **Architecturally Decorative**
- **Custom Engineered & Manufactured**

CONSTRUCTION

Built for maximum sound reduction, glass fiber cores with faces and edges wrapped in fabric or perforated vinyl are available in **Standard:** 1" & 2" thickness. **Optional:** 1/2", 3/4", 1-1/2" (minimum quantities may apply).

MOUNTING OPTIONS

Easy to install, the Ceiling Cloud is suspended horizontally with a clip/ eyelet combination.

Custom Ceiling Clouds

Reduce reflective sounds in large open areas.

Suspended horizontally from the ceiling, S.T.O.P. Ceiling Clouds effectively reduce reflected sound in large areas such as shopping malls, convention centers, theaters, and arenas. Custom sizes and shapes are available.

Ceiling Clouds have the same NRC rating as Ceiling Panels.
